

The CEFEX Mission

CEFEX is an independent global assessment and certification organization. It works closely with investment fiduciaries and industry experts to provide comprehensive assessment programs to improve risk management for institutional and retail investors. **CEFEX** certification helps determine the trustworthiness of investment fiduciaries.

CEFEX provides independent recognition of a firm's conformity to a defined Standard of Practice. It implies that a firm can demonstrate adherence to the industry's best practices and is positioned to earn the public's trust. This registration serves investors who require assurance that their investments are being managed according to commonly accepted best practices.

What's In The CEFEX Certification Audit?

CEFEX assessment is based on the international standard, ISO 19011: Guideline for quality management system auditing. The assessment is evidence-based, and all work is reviewed by the **CEFEX** Registration Committee to ensure impartiality and consistency.

The assessment typically includes document review, client file sampling, on-site visits and interviews with senior representatives at the firm. The assessment is conducted by **CEFEX** Analysts who must hold the Accredited Investment Fiduciary Analyst[®] designation and maintain annual training by **CEFEX**.

The assessment methodology includes attorney-developed schedules based on regulation.

The **CEFEX** certification audit is based on the standard described in the document: "Prudent Practices for Investment Advisors" published by fi360, Inc.
